LPN/LVN Threads: Consistency across the curriculum

Elsevier LPN/LVN titles share many common features and design elements, called *Threads*, that make teaching and learning easier. Texts in the *Threads* series have a consistent design, a similar reading level (approximately 10th grade), and NCLEX® exam review sections in each chapter.

As students progress through your program and move on to new textbooks, they are already familiar with the *Threads* features and can immediately focus on learning.
