

7th International Energy Storage Materials Conference

20–23 September 2026
Dresden, Germany

Submit abstracts by 22 May 2026

Present your latest work on advances in the research and adoption of energy storage materials alongside an outstanding group of speakers

Conference Chairs

Jie Xiao
University of Washington, USA
(Main Chair)

Hui-Ming Cheng
Shenzhen Institutes of Advanced Technology, CAS, China
(Co-Chair)

Feiyu Kang
Tsinghua Shenzhen International Graduate School, China
(Co-Chair)

Patrice Simon
Toulouse University, France
(Co-Chair)

Xinliang Feng
TU Dresden, Germany
(Local Chair)

Meet the speakers

Plenary Speakers

- Yury Gogotsi**
Drexel University, USA
- Jürgen Janek**
Justus Liebig University Giessen & KIT, Germany
- Hong Li**
Institute of Physics, CAS, China
- Patrice Simon**
Toulouse University, France
- Jie Xiao**
University of Washington, USA

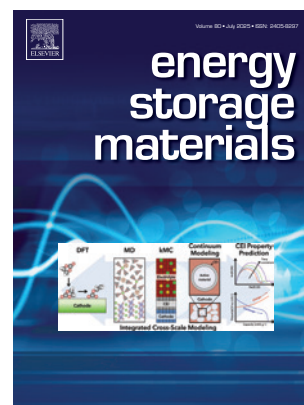

Keynote and Invited Speakers

- Philipp Adelhelm**
Helmholtz Zentrum Berlin, Germany
- Veronica Augustyn**
North Carolina State University, USA
- Andrea Balducci**
Friedrich Schiller University Jena, Germany
- Robert Dominko**
National Institute of Chemistry, Slovenia
- Krzysztof Fic**
Poznan University of Technology, Poland
- Alejandro Franco**
Université de Picardie Jules Verne, France
- Camélia Ghimbeu**
Mulhouse Materials Science Institute (IS2M), France
- Stefan Kaskel**
TU Dresden, Germany
- Xianfeng Li**
Dalian Institute of Chemical Physics, China
- Zhao Liu**
Thermo Fisher Scientific, USA
- Jun Lu**
Zhejiang University, China
- Yan Lu**
Helmholtz-Zentrum Berlin, Germany
- David Mitlin**
The University of Texas at Austin, USA
- Dominic Rochefort**
University of Montreal, Canada
- Dong-Hwa Seo**
KAIST, South Korea
- Sabrina Wan**
Lawrence Livermore National Lab, USA
- Naoki Yabuuchi**
Yokohama National University, Japan
- Guangmin Zhou**
Tsinghua SIGS, China
