# MANDARIN ORIENTAL, VIENNA

## HOTEL WITH HISTORY

Mandarin Oriental, Vienna introduces a new standard of elegance and refinement in the heart of Austria's cultural capital. Set on a quiet street in the prestigious First District within the historic Ringstrasse – a UNESCO World Heritage Site – the hotel places guests just a few steps away from museums, palaces, fine dining, and exclusive boutiques.

Originally built in the early 20th century as a courthouse by Austrian architect Alfred Keller, the building has been transformed into a warm, inviting space. Inspired by the ideals of the Viennese Secession, the interiors balance historical reverence with contemporary expression, preserving key heritage features such as staircases, ceilings, and original wall finishes while integrating modern design. The boundary between old and new is deliberately softened, creating a seamless dialogue that honours the past while confidently looking to the future.

The hotel offers 138 elegantly appointed rooms and suites, many overlooking a peaceful inner courtyard – now reimagined as the social heart of the property. This light-filled space brings together the hotel's fine dining restaurant, brasserie, café, and bar, creating a calm and refined atmosphere in the midst of the vibrant city.

With excellent access to Vienna's public transport system, the hotel is only a 10-minute drive from Vienna Central Station and around 30 minutes from Vienna International Airport, making it an ideal base for both local and international guests.
