

# SPA SUITE

An exclusive and private wellness retreat designed for complete relaxation.

The Spa Suite can be reserved for at least one hour and includes a private Jacuzzi and steam room.

All Spa Suite bookings include a serving of fresh fruits, selection of tea and healthy snacks.

Every treatment from our Spa menu can be experienced within the privacy of the Spa Suite, transforming your ritual into a deeply personal journey.

Two signature treatments have been exclusively conceived for this intimate setting: *Dòmm de Milan*, inspired by the timeless elegance of the city, and the indulgent *Golden Saffron Ritual*, a sensorial experience designed to restore body and mind.
