POUR VOUS WINE, SPIRITS & BEER WAREHOUSE · HENDERSON, TENN.

NO MORE STOCK LADDERS

Pour Vous replaced the stock ladders in its warehouse with the Big Joe J1 Joey, so staff restock narrow aisles faster without climbing.

INDUSTRY
Beverage retail warehouse

EQUIPMENT
Big Joe J1 Joey (J1-126)

THE CHALLENGE

Pour Vous packs a huge selection into narrow 48 in. aisles, much of it glass. Staff picked by hand from stock ladders, dragging them aisle to aisle and carrying cases of up to 40 lb. up and down the steps.

"Most importantly, it keeps our employees off ladders and more productive in the warehouse."
Pour Vous Wine, Spirits & Beer Warehouse

THE SOLUTION

The team brought in the Big Joe J1 Joey. Operators ride a guarded platform up to 126 in. and slide cases straight across to a waist-high front tray, so nobody bends to the floor or carries glass down a ladder.

"It's a very unique machine that is a perfect fit in narrow aisles."

NO LADDERS — **Staff ride up to the shelf on a guarded platform**

WHAT CHANGED ON THE FLOOR

Staff off the ladders
Operators ride a guarded platform up to the shelf instead of climbing.

Faster restocking
No more dragging ladders from one aisle to the next.

Less bending and lifting
Cases of up to 40 lb. move across at waist height, not up from the floor.

Fits 48 in. aisles
At 31.5 in. wide, the Joey has room to spare between the racks.

Quick to learn
New operators get comfortable on it fast.

Plugs into a standard outlet
Charges from a 120V wall outlet, with no separate charging area.

"We wouldn't know what to do without our Big Joe Joey. From one case to 50, the Joey can handle the load. It's intuitive and easy to use, and operators learn it quickly."
