

DESCRIPTION

Lensed showerlight trim for 4" H99 incandescent family of recessed housings. Non-conductive, non-corrosive polymer trim ring is available in a variety of finishes. Polymer trim and glass lens are non-electrically conductive for "dead-front" code compliance where required. The 951 features a prismatic finish glass lens and full reflector for even light distribution. 951 trim is wet location listed for use as a showerlight. Three "cat's paw" springs secure trim in housing.
