

GETTING UP TO SPEED

with Legrand's Residential USB Charging Solutions

When it comes to adding the convenience of built-in USB charging to residential projects, it's no longer "one speed fits all." Legrand offers USB Outlets from three tiers of charging speeds to fit any project's needs or customer's preference.

WHAT IS POWER DELIVERY? Power Delivery (PD) is a technology standard that has revolutionized charging. Supplying a higher level, it delivers faster, safer charging to the latest PD-enabled devices and is the ideal, future-proof solution for tablets, laptops and other devices that require more power for optimized charging speeds. Using a PD-enabled USB in-wall charger is the ideal way to be certain all devices are receiving the highest level of power they can accept for the fastest charge.

THE BEST Charge phones, tablets and more up to 2X faster.
