

Meet Plug Load Control requirements faster than ever.

PT26352SCCT, PT26352CD, PT5362SCCH, PT5362CD

PlugTail® devices and connectors mean that device installation is the same regardless of skill level of the installer. The UL-Listed connectors are keyed to ensure proper wiring installation into each receptacle. The connector simply snaps into the back of the device – no fussing with wires, stripping, or tightening screws. PlugTail® devices are finger safe with no exposed terminals, so taping is not required. Device installation is faster than ever!

These durable, dependable receptacles feature a permanently marked, differentiated solution that meets all necessary code requirements. The controlled receptacle marking printed on the face of the receptacle is both NEMA-approved, and compliant with the National Electrical Code®, CA Title 24, and ASHRAE Energy Efficiency Standard 90.1. This clear, permanent marking helps end-users differentiate controlled receptacles from others.

Features & Benefits

Permanent controlled markings on face of receptacle compliant with ASHRAE 90.1, CA Title 24, and NEC.

PT26352SCCTW

Plated steel strap design for maximum durability and corrosion resistance.

Half-controlled versions include welded, pre-wired lead that controls top half of receptacle for split-circuit applications.

.032 inch thick, brass, triple-wipe power contacts for lasting retention.

Auto-ground clip assures positive ground.

- **Built-in connector** features large brass terminal contacts to ensure consistent, reliable electrical connections.
- **No exposed terminals** create a finger-safe application before, during, and after use.
- **Dual mechanical shutter system** to help prevent insertion of foreign objects (TR models).

3rd Party Compliance

cUL Listed, File Number E140596, Standard UL498. Federal Specification WC596.
Conforms to NEMA WD-1 and WD-6.

Technical Information

Performance

Electrical

Dielectric Withstand Voltage	Withstands 2000V minimum
Maximum Working Voltage	125V
Current Interrupting	Certified for current interrupting at full-rated current (receptacle only)
Temperature Rise	Maximum 30°C temperature rise at full-rated current after 50 cycles of overload at 150% of rated current with direct current

Mechanical

PlugTail® Connector	#12 AWG, THHN, copper conductor, 6" leads, stripped, solid or Identification stranded, for use with PlugTail Receptacles only
Product Identification	Ratings are permanent part of the device

Environmental

Flammability	UL94 V2
Operating Temperature	Maximum continuous +60°C, minimum -40°C (without impact)

Materials

Face	Nylon
Integral Ground System	.036 260 Brass
Back Body	PVC
Assembly Drive Screw	Zinc-Plated Steel
Line Contacts	.032 688 Brass
Auto-Ground Clip	Stainless Steel
Mounting Strap	.042" Zinc-Plated Steel
Mounting Screws	Tri-Drive Steel

Warranty

1 Year
