PRODUCT SHEET

The value of supplier onboarding with Octave Loop Material Readiness

Material management processes are driven by construction impact date.

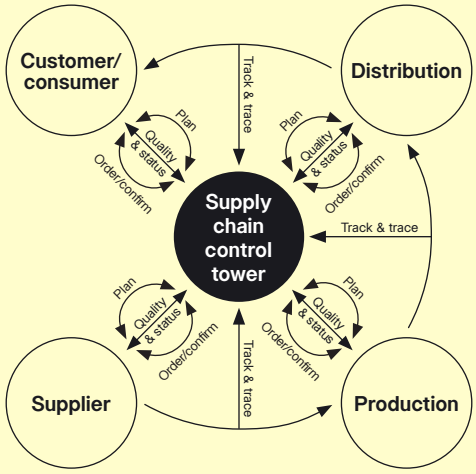

Legacy Solutions: Procurement-centric

Supply chains no longer look like this.

vs.

Loop Material Readiness: Construction-driven

Complex supply chains benefit from digital enablement. Which materials to expedite, inspect, resolve, pick or issue can be optimized for workface productivity.

There is explicit value from supplier onboarding.

- **Increased supply chain visibility**
- **Time savings:**
  - Immediate data transmission to project
  - Reduction in supplier-based issue resolution time
- **Improved data quality and alignment:**
  - Engineering, procurement, supplier and construction work from the same data set
  - Less chance for human error
  - Automated, system-based association process
  - Improved material readiness business analytics

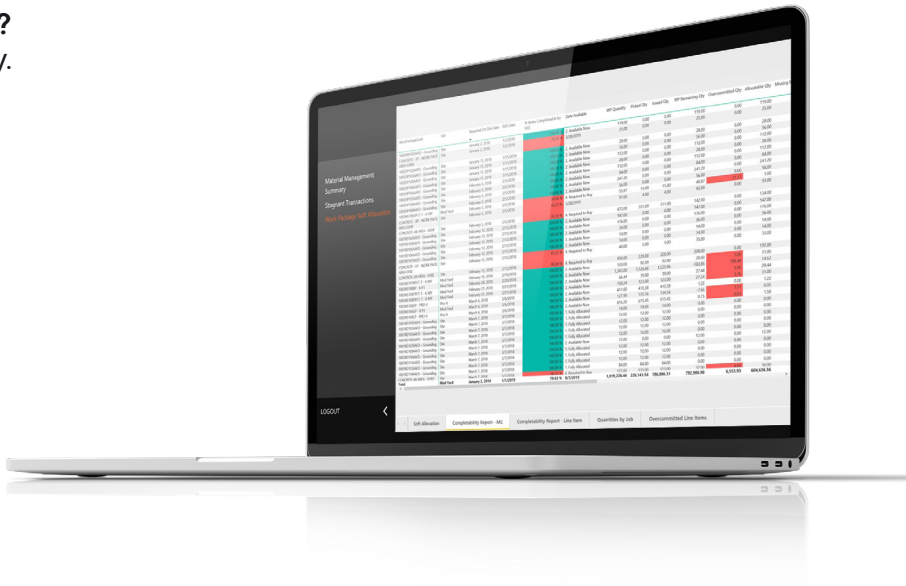

Supplier onboarding process flow

Stakeholders	Pre-training	Training	Tag logistics	Data operations
Project procurement	**Step 1:** Ratifies terms and conditions; Awards supplier P.O.			
Loop Material Readiness	**Step 2:** Registers supplier in Train Station and assigns onboarding class		**Step 5:** Ships RFID tags to supplier	
Supplier		**Step 3:** Completes training courses	**Step 4:** Orders RFID tags	**Step 6:** Assigns RFID tags to materials using Loop Material Readiness mobile app

Loop Material Readiness Insights: Measuring performance and enabling proactive management

The performance reports within Loop Material Readiness Insights enable full visibility into supplier activity.

- **When are suppliers most frequently logging in?** Understand workload and overall system activity.
- **How many suppliers are logging in?** View weekly activity as well as platform and supplier engagement.
- **Are suppliers engaged?** Overall, by site or by time period, discover how many suppliers are taking advantage of Loop Material Readiness to tag materials.
- **Are upstream users delivering?** Are you receiving what is required to progress transactions? Find out where gaps exist, and take action with the responsible party.

About Octave

Octave is a leader in enterprise software, turning data into decisive action and intelligence into your edge. Our software solves for and simplifies complexity, from the design and build to operations and protection of people, property and assets – for any scope, at any scale. For decades, we've partnered with customers to sharpen performance, elevate efficiency and amplify results. From factory floors to entire cities, our solutions are tuned to scale up what's possible from day one onward.
