

Today I will
see the psychologist.

Parent Child Interaction
Therapy (PCIT)

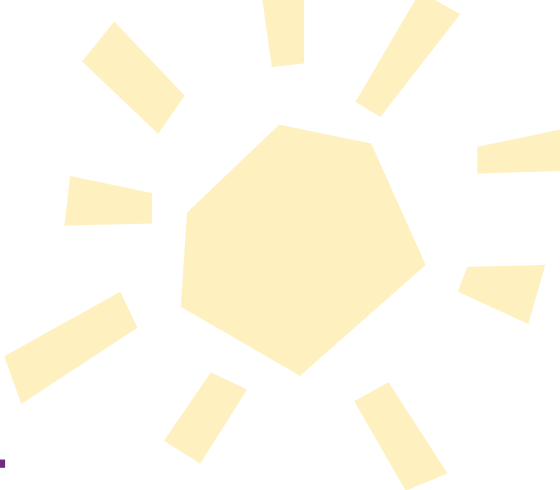

I am not getting
any shots today.

I tell the
people at the
front desk that
I am here.

I wait in
the waiting
room until my
name is called.

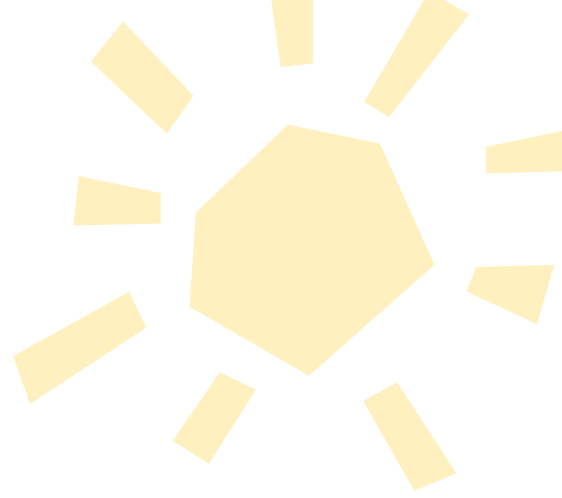

When I see the
psychologist,
I play with my
parents.

When it is time
to leave, I can
pick out a book
or a sticker.

Time to go
back to the car.
